LETTER OF UNDERSTANDING

New Solutions Committee

During the 2011 negotiations, the parties discussed the role of labor management cooperation and collaboration in providing more efficient delivery of services to the citizens of Michigan. The parties recognize that the efficient delivery of services to the public should be mindful of the cost effectiveness, quality of delivery, accountability and public interest. The discussion encompassed the Unions' New Solutions Report, which encourages all stakeholders to work together in an open dialogue manner to achieve best in class public service.

The parties agreed to approach the New Solutions Report jointly with the goal of facilitating the development of positive programs relative to the effective use of resources. Such effective use of resources may include self-directed work teams or other empowerment initiatives as agreed by the parties to provide front line workers with the support needed to effectively perform their jobs.

The parties recognize that Lean Optimization can be a valuable tool in achieving the effective use of resources. Lean Optimization has the simple goal of helping state government work better for both its customers and its employees. Lean practices rely on joint participation between employees and management at all levels within the State. World class service cannot occur without such employee involvement.

Within sixty (60) days of the effective date of the Collective Bargaining Agreement, a New Solutions Committee will be established to explore innovative solutions to deliver better customer service and pursue better value from those who deliver the services. Each of the Coalition Unions may designate two (2) representatives to meet with the Office of the State Employer. Representatives from the Departments and/or the Civil Service Commission may participate as needed. The Committee will determine the meeting schedule and agenda. The parties agree on the value of utilizing outside independent facilitators trained in business lean practices and will explore funding alternatives to engage mutually agreed upon lean consultants.

LETTER OF UNDERSTANDING

Article 22, Section 22 - Meal and Travel Reimbursement

During the negotiations in 2013 the parties discussed the requirement to attach the receipt for any reimbursed meal to the request for travel reimbursement for actual expenses up to the maximum reimbursable rate as provided in Article 22, Section 22.

The Employer and Union agree to implement a pilot program to suspend the requirement to attach meal receipts to such requests. Since travel reimbursement is subject to departmental review, it remains the employee's responsibility to maintain supporting documentation of actual meal expenses incurred for which reimbursement from the Department was received.

The pilot program will continue for the duration of the Agreement unless the Office of the State Employer identifies problems that cannot be resolved after meeting with the Union. The Employer reserves the right to reinstate the requirement for receipts at any time during the pilot program if the parties fail to resolve any identified problems.
